

JOHANN ALECKSANDREI G. FACTORA

Computer Engineering

Phone: +63 949 688 2678 **Address:** San Miguel, Mexico, Pampanga
Email: jalecksgf@gmail.com

PROFESSIONAL SUMMARY

Recent Computer Engineering graduate with a strong focus on backend and full-stack development, cloud computing, and AI-assisted solutions. Experienced in building scalable applications using Python, Flutter (Dart), and web technologies, with foundational knowledge in Google Cloud Platform (GCP). Hands-on experience in technical support and networking through internship at Clark International Airport Corporation (CIAC), with strong problem-solving and system troubleshooting skills. Passionate about developing cloud-based applications, APIs, and integrating AI through prompt engineering to create efficient and modern software solutions.

PROFESSIONAL EXPERIENCE

Intern – MIS Department (Technical Support & Networking)

Clark International Airport Corporation (CIAC)

- Provided technical support for hardware, software, and network-related issues
- Assisted in troubleshooting network connectivity (LAN/Wi-Fi) and system access problems
- Supported IT staff in maintaining computer systems and network infrastructure
- Assisted in basic configuration and setup of devices and workstations
- Gained exposure to enterprise-level IT operations and support workflows

TECHNICAL SKILLS

- Python, HTML, Flutter (Dart), Next.js Basics, Java, HTML
- Networking: LAN/Wi-Fi troubleshooting, basic network setup, connectivity diagnostics
- Prompt Engineering (AI-assisted development), API concepts, problem-solving, teamwork
- Cloud & Tools: Google Cloud Platform (Compute, Cloud Run, Storage, IAM – Fundamentals)

EDUCATION

Bachelor of Science in Computer Engineering

University of the Assumption | 2021 – 2026

Senior High School / High School

Holy Cross College | 2015 – 2021

CERTIFICATES

Google Cloud Fundamentals: Core Infrastructure | Coursera, July 2026

Credential ID: ZC4UIENBOYEX
Meta: Introduction to Front-End Development | July 2026
Credential ID FK6KW9M54M69

Basic Occupational Safety and Health | 2025

Training Course with 2 hours Training of Trainer TOT

KEY STRENGTHS

- Strong analytical thinking and problem-solving skills
- Fast learner with adaptability to new technologies
- Team-oriented with good communication skills
- Passion for backend systems, cloud computing, and software engineering
